How to Find the Computer or Host Name

How to find the Computer Name at the Login Screen

1. At the login screen, click the option for 'Other User'
2. Type `.\` in the ***username*** field.
3. you will see your computers name show up under the *password* field; `CAS-WKTST-7X64` in this image:

   ComputerName

How to connect to Wi-Fi (from the logon screen)

- On the login/lock screen, click the **Wi-Fi / network icon** (usually bottom right).
- Choose your Wi-Fi network from the list.
- If prompted, enter the Wi-Fi password.
- Once connected, proceed to log in as usual.
- If you don’t see the network icon, the device may not be registered or Wi-Fi adapter disabled — raise a ticket.
